Doctoral Mentorship Program – Research Forum

The mission of the AANA Foundation is to help CRNAs reach their potential in clinical practice, leadership and scholarship. One avenue to accomplish this mission is by supporting and promoting networking opportunities among the CRNA research community. Doctoral mentorship fosters the development of complimentary and shared research programs among CRNAs throughout the United States.

Purpose

The purpose of this group is to foster a network among CRNAs who are pursuing doctoral degrees with doctoral prepared CRNAs. This program is designed for CRNAs who have earned or are earning a graduate degree.

Meetings

This group will meet twice a year in conjunction with the AANA Annual Congress and the AANA Assembly of School Faculty in February.

If you are interested in networking with fellow CRNA researchers, complete, sign and email the application below with the subject line indicating ***Doctoral Mentorship Program Application*** to foundation@aana.com.
